www.royalstarsportfishing.com

Royal Star offers a 10% discount for all active US military personnel.

If one of these Charter Dates fits your schedule, please contact us as many Charters have individual spots available.

In the event of early departure, all passengers must be onboard 2 hours prior to scheduled departure time.

Fare based on a fuel price of \$3.75/gal. As unpredictable fluctuations in diesel fuel costs impact our price models, we believe in the fairest practice possible when it is necessary to surcharge Royal Star customers. A base price of \$3.75 per gallon is included in all published fares. Any substantial increase in fuel cost will be calculated and added to fares using the following formula: price increase x estimated fuel usage during voyage divided by the number of anglers and length of voyage. Calculations will be based on each individual load of diesel purchased when surcharges are necessary.

* Advertised fares are cash discounted.

** Cost of Mexican Fishing Permits are included in fare.

*** Cost of Mexican ISR and IVA taxes included in fare on all fly down trips.

All reservations are considered tentative until a 50% deposit is received. Stateroom assignments confirmed upon receipt of 50% deposit. All deposits are non-refundable unless reservation is replaced by a full paying alternative. Deposit insurance is recommended. All deposits refunded are subject to a 10% administration fee. Should there be any substantial increase in the cost of fuel or Mexican fishing permits, we may find it necessary to impose a surcharge. If no deposit is received within 2 weeks of reservation, space becomes available to first depositing customer.
